From the Municipal Town
A.F. C. 462 dated 24-4-47

States that on the restoration of the Guard Stone in front of the Brahmans' house, one Mr. V. Lakshmanachi protested against it and that both the City Improvement Committee and the Municipal Council have decided that the Guard Stone be removed for a distance of 5' on either side and a Circle formed and request orders of Government

15) Submitted for perusal and orders

16) Refer -- Para 1 Circle Minutes Minute dated 23-9-46 Enclosed)

17) Placing up A brief note on the past of the case & necessary with respects to Mr. S.S.

S/S Mr

9034

(i) the municipal council had removed the guard stones in front of Mr B L Byanna's house ~~on restoration of~~ Mr B L Byanna protested against the removal of the stones for the reason that the place would now be used as a car park which would be a great nuisance Therefore it was ordered from this office to restore the stones at the place which was done by the mity But one Mr B V Lakshmana protested that the existence of the guard stones had deprived him and the other rate payers of the locality of their legitimate passage existing for over a century

(ii) the City Improvement committee had previously recommended complete removal of the guard stones referred to above, accordingly the mc council had removed them; on receipt of the complaint from Mr B L Byanna that the removal of the stones had given room for car parking, the city improvement committee inspected the spot and suggested that a small island be formed at the commencement instead of guard stones ~~between~~ leaving 8' road allowance so that the car parking there might be avoided and the island be converted into a small park

(iii) Both the City Improvement ~~Town Plan~~ committee and the City mc council, have accordingly passed resolutions to that effect in their meetings held on 25-2-47 and 29-3-47, respectively.

(iv) It is reported that the land in question belongs to the mity and the mc council have rightly acted upon the resolution to give facilities to the public by removing the guard stones, although it was a little inconvenient to the individual

(v) ~~It is~~ the resolution of the mc council to remove the guard stones completely and form a park with road as suggested be sanctioned or the guard stones be restored as originally, is for our ~~protection~~ consideration

(vi) Two more petitions have since been received from Mr B L Byanna presumably on the same subject please put them up soon

for 15/5

Q 34 / 246 / 233 — 233 / 246 — nil

24) The two further letters received from Mr B. Byanna is put up. Here he has again requested that the grand stones in front of his house be restored, as ordered by the Govt previously

25) It is seen that the Question has developed to a dispute between one Mr B V Lakshmaiah and Mr B of Byanna who are the aggrieved parties.

26) The City Municipal Council has resolved that the grand stones in question be removed for a distance of 8 feet and a circle be formed in the middle

27) The Municipal Town has not furnished a sketch of the area. The question may perhaps be settled by Spot inspection

28) A sketch of the area as it exists now & as it would be when the grand stones are removed to a distance of 8 feet & a circle is formed in the middle of the above is put up

Subject Restoration of Guard Stores

Sir,

I cannot express my gratitude in words to the Govt for their having issued contemporaneously orders on three occasions for the fixing up of Guard Stores dramatically removed by the Municipal Engineer without specific orders from his Superior I have been seriously feeling for myself that a tangible case has been made out against the Municipal Commissioner as also Engineer It is proved beyond doubt that the former has displayed his incapacity to extract a certain work from his Subordinate Officer and the former has no respect at all for either the Govt, orders or his Superiors instructions

Am I to understand that the Minister administering the Deptt because of a Non-Official that these Officers have been so very indifferent towards Govt orders? Is it too much on my part to suggest that they really deserve to be removed from the present positions to some other places mostly to Malnad area? Please imagine for a moment Sir, that in a city of ours consisting of more than five lacs of people to continue such indifferent officers would be of any use whatever they will be really responsive to the needs and requirements of our rate payers It was to be due respect to the foresent Minister that some of the Non-Official gentlemen came

3 Copies of the ...

the City Improvement Committee and the Council are herein

came forward with their liberal donations for the construction of Maternity Homes etc, in the city and people who are not in the know of the acting defiantly in the Municipal Administration did not hesitate to pay undeserving glowing tributes to the Municipal Executive including of course the Na officials. To me it is really a sorrow affair that realities have been brushed aside as one who in the welfare of the helpless and dumb ratepayers I have been braving the Almighty to take me away from this vicious circle in which I have been living, because praisings and untruth have been triumphing as against truth, honesty and straightforwardness Please accept my sincere thanks for the Sympathy our benign Gov has shown in my case though the brave and the courageous Municipal Engineer has not up till now (Viz 188th day since the passing of the Govt. Order of 23rd September 1946) removed the said guard stones I would not have pressed to write so persistently but for the fact that it is impossible for us to live here under the existing evidences Kindly ignore my Saviour Statements if any coming as they do from a feeling heart

Yours very obediently,

Dt. 17-1-47
No 935

Sir,

In enclosing herewith a copy of the letter addressed to the Municipal Commissioner of the Bangalore City Municipality, I pray that my grievances for the restoration of the grand stones might be redressed in accordance with the spirit of the Govt. order the Municipal Engineer has again created trouble in delimiting or deviating from the original or former position and that arrangement does not give me any relief. He does not make any disclosure of the wording of the Govt. Order "Restoration which means to be placed at the former position & fixes them at his own pleasure. This annoys me & makes me restless. Since I am very much troubled over the small matter which has been unnecessarily magnified

Your obdt Servant,

To

The Municipal Commissioner,
Bangalore City Municipality, Bangalore City

Sir,

Sub - Restoration of Guard Stones

The day before yesterday when you had come here for spot inspection, you were pleased to remarks at me that I must be grateful for the fixing of the stones and with all that I am still persisting for something ~~and~~ more I could not reply you suitably in the presence of the public Anyhow, I am venturing to do so now as follows

Fortunately, however, defective the present Municipal regulation is, it gives the ratepayers the option to get necessary relief at the hands of the officers appointed therefor both obligatory or Mandated and descretionary and they are paid for it and we have been forced to subscribe Where does the question of greatfulness arise? It is after all a matter of one's own right and previlege

If it were a question of discretionary power, I could not have pressed so much This is purely an obligatory function vested in you that even the Municipal Council could not interfere But I am sorry ~~to remind~~ to remind you that you were pleased to allow your Engineer to recommend you to refer this subject to the C I C It is in other words asking you to surrender your rights. I am far from interfering with others' rights

I have already explained to you in clear terms that with the exeeption of the land lord and proprietor tenant of the Coffee Club, the others have supported my contention to get relief at your hands and let us not think of superfluous objection After all the objection advanced by them is that it is difficult to get things fromm the road since carts could not enter in, To-day I made a test of it and found that bullock carts could enter freely

Let me repeat it once again that our babies soon after the horning of cars is heard, they become restless and get sickness with the result that I have to pay heavy charges to Doctors The baby has rather become a weakling What about the exhibition of somany cars in front of our houses? At times, they remain there for hours together in these ration days! According to the present arrangement when the Engineer has skilfully made allowance for locating half a dozen cars to be parked, it not only create nuisance in front of our houses, but also abstructs people from getting in and going out It is unimaginable why your Engineer should have delimited the guard stones instead of restoring them to their original place according to the spirit of the Govt order To execut this half hearted work, he took more than ~~half~~ three and half month Let me assure you once again, that I have no malice or spite again.

p t o

any body except that I have become restless about this If my legitimate grievances are not ~~xixxxx~~ attended to as early as practicable I have no other course left except to ~~quit myself from~~ quit my house

May I appeal to you, Sir, that you have confused yourself with regard to the issues involved Granting ~~the~~ permission to a Coffee Club, in these ration days in a crowded family houses(locality is purely a discretionary one and you can even do away with it without causing annoyance to any body and that you have not ventured to do so My grievance is one which saves human lives from danger and which safeguards health of the locality, Undoubtedly you have belittled my legitimate grievances and value much for other superfluous grievances Please take notice of the two months statutary period in my eagerness to seek remedy in a proper court of law if my grievances are not attended to

Yours faithfully,

B.V. Ryanna

13/1/47

Subject Restoration of guard stones in front of Mr B L Byanna's house

With reference to correspondence ending with your D O letter No L 13106/E dated 27-3-1947 forwarding in original the letter of Mr Byanna on the above subject, I have the honour to state that on the restoration of the guard stones, one Mr B V Lakshmiah protested that the fixture of guard stones had deprived him and the other rate payers of the locality of their legitimate passage existing for over a century

2 As the question developed into a dispute and there was considerable force in the contention of both the parties, the matter was placed before the City Improvement Committee who at their meeting held on 25-2-1947 resolved that the guard stones put up by the Municipal Engineer should be removed and that the subject should be placed before the Municipal Council Thereupon, the subject ~~xxxxx~~ having come up before the Municipal Council at their meeting held on 29-3-1947, It was resolved after prolonged discussion that the guard-stones be removed for a distance of 8 feet on either side, and a circle be formed in the middle to avoid nuisance of car parking and a small park be made in the Island

3 Copies of the aforesaid proceedings of the both the City Improvement Committee and the Council are herein

Proceedings of the meeting of the City Improvement Committee dated 25-2-1947

17 Application from B V Lakshmiah protesting against the putting up of guard stones across the open land by the side of his house as the same prevent easy acess to his and other houses there

Resolution The guard stones put up by the Engineer should be removed

The subject may be placed before the Council

Resolution Vide typed copy enclosed

Sd. A J Khaleel,
Honorary President

"Copy"

Municipal Commissioner

hsr/-

Council Proceedings dated 29-3-1947.

Subject No.24:-

The President informed the House that the City Improvement Committee had previously recommended complete removal of the guard stones, but subsequently, when it inspected the spot, it found there was some force in the compkaint by Mr. B. L. Byanna against car parking and so it was suggested that a small island be formed at the commencement instead of guard stones (which may be removed) leaving 8' road allroung so that the car parking there might be avoided and the island may be converted into a small park

This was supported by Mr. D. Venkataramarappa

Mr. G Nanjappa wanted to know if they were not sitting in judgement over the action of the Commissioner undertaken by him as per Government Order.

Mr. H.C.Suryanarayana Rao said that the land in question belongs to the Municipality and if such stones are put up, they might later on lead to private parties claiming this bit of land as their own. He suggested that the entire area be kept open as it was in the beginning and a board might be put up preventing parkking of cars. He supported the C.I.C. resolution and said that the stones should be removed immediately.

Then the President said that as regards the point of order raised by Mr. G. Najappa whether the Council was right in - sitting over judgement over an executive work done by the Municipal Commissioner, the Council had such powers to interfere in such matters.

Then it was resolved that the guard stones be removed and an island be formed in the middle leaving 8 feet of road alround to avoid nuisance of car parking and a small park be formed in the island.

Sd A. J. Khaleel
Honorary President.

Fencing of Guard Stores

Sir,

In continuation of my yesterday's communication addressed to you, I beg to further state as follows

(1) That the location of a Coffee Godown Godowns covered up with family houses or amidst family houses is itself a great nuisance and danger to health

(2) That it is to accepted principle of all the Municipalities to create play-grounds for children to play as also lung spaces

(3) That the present vacant land in front of our Lodges measures only 35 ft by 60 ft.

(4) That the fencing up of Guard Stores prevents cars lorries & vehicles from turning and thus disturbs the innocents who are expected to play in the Sand area was proper & quick fencing as recommended by the Committee and then President after inspection of the plot

PEPPERS OF—

Genuine and tested English Vegetable and Flower seeds guaranteed for high germination and good crop

Tree seeds for coffee shade hedges Grevillea Robusta Albizzia Moluccana etc

* * *

Eucalyptus Globulus Citriodora and Red Gum Seeds

Cuvenne Howligay and other Fuel trees

Doob Grass (Harialli grass) and Guinea Grass seeds

*

Fresh Vegetables Fruits Flowers Bouquets Button Holes etc etc

(5) That there is a provision also in the Municipal Regulations
which is also to such provisions & they are Mandatory or obligatory
functions of the Municipality

(6) That the ~~appellant~~ Engineer who was interested in
the other proceedings is bent to convert the Municipal
Commissioners ~~which~~ angle of vision with which they regard
the Govt. order passed in Sept 1946 and prepared a
design to shelve the said Marelli Teffu-Rooms for
purposes of serving the cars, lorries etc, in a very comfortable
manner just to the detriment of the people having
their existing the owner of the building B.V. Lakshmana
retired Line Inspector (Electric Depot) whose influence
with the said Municipal Engineer weighed much

(7) That the appellant highly & strongly feels that a subordinate
officer instead of carrying out the Govt. orders has over
done his duty by way of defying Govt. order which was
passed according to Sec. 224(1) of the Mun. Regln

(8) Anyway Since the Council according to the present design
have suggested a remedy worse than the disease itself,
by way of creating passages to go in and come out very
freely Some King like an Island even attracts every
~~Vehicles~~ Vehicle to take a turn around the
newly erected island Thus can be better imagined than
described to what extent it is detrimental to those
who have there

That the appellant in conclusion prays that the
Small mercy by way of directing the Municipal Commissioners
to carry out the Govt. Order of Sept 46 in the very Spirit
and letter be kindly conferred upon him and thus
protect the rights and people living there

Yours Very obediently,
P.C. Reddy

To

The Minister,
Local Self Govt & Health
Govt of Mysore, Bangalore

Concerning Guard Stones

Sir,

That your Govt is quite aware how the guard stones came into existence in front of our house near the Maralli Tiffin Rooms

That it is beyond doubt that it is a great nuisance to allow cars, Lorries etc to stay in front of our house and this has been conceded by the Hon President and Municipal Commissioner Bangalore City

Though Sec 58 (c) of the Municipal Regulation contemplates that it is the obligatory functions of the Municipality to abate such nuisances, they did not perform their duty and hence my appeal to the Govt under Sec 224 (1) of the Municipal Regln

That the Foreign Govts were pleased to pass orders on my appeal directing the Municipal Commr to do the needful

That the Municipal Engineer was not pleased to carry out the Commrs orders or the Govt order in spite of repeated reminders by both the Superintendents and half heartedly carried out the same in the 1st week of January 1947 through the

Govt order was passed on Sept 1946 After the execution the recommendation to the Municipal Council that the matter might be referred to the C I C for their opinion & recommendation I have already reported these matters to Govt How the Municipal Engineer in his eagerness to help the other side has tried Side tracking the question & even engaging the Municipal Councillors to interfere with the final orders of the Govt.

That the Municipal Commissioners without due regard for their own opinion & previous orders respected the Engineer's view & referred the matter to the C I C to sit in judgment against the Govt order That the C I C approved of the Engineer's design of helping the other side which was approved by the Council & that the said design has already come into existence though the Engineer has been transferred even to a safer and comfortable place

That the present arrangement of the Engineer's recommendation approved by the C I C & Municipal Council have now become worse than the disease itself It has provided "To & From" two way Sides so that the cars &c might get into & play therein just to the detriment of the long space we had for children's play There is no safety to the Coffee Club walls for purposes of Softplaying Coffee &c, in these days of rationing

When a Subordinate body like that of the Municipality where a Municipal Commissioner exists to carry out obligatory functions has disobeyed the orders of the Govt and sought the help of the Council as a shelter to help the other Side although the original remedy emanated from them for putting up guard stones, there is no denying the fact that the honor of the Govt is now at stake It is rather pitiable that the Council was swayed away by the influence recommendation of the Municipal Engineer

It is hardly possible for me to describe to what extent the present arrangement is an hindrance for me I don't know what power is the Health officer from to suggest the Coffee Club a conditional License resulting upon them that they should not softply Coffee &c to cars &c outside their premises & in case they do so, the licence granted shall be cancelled This is a very simple remedy which can be directed safely and thus prevent the said nuisance

I pray I therefore appeal to the Govt to kindly take necessary action to give me the relief prayed for and thus protect me from these difficulties

Yours obediently,
